For qualifications obtained in an EU country, the diploma supplement is sufficient. The omission of information declarations and the failure to submit mandatory documents at the time of completing the competition

application includes uploading empty files or files containing information of a different nature from what is required. ISIA Istituto Superiore Industrie Artistiche di Firenze may also order the exclusion of candidates from the competition after enrollment and the start of the course if their documentation presents deficiencies in the prescribed requirements or if their self-certifications are found to be false.
